**DESCRIPTION OF EVENT**

On 5<sup>th</sup> August 2023, the pharmacology domain started with “Intelligent Talk: pharmacology journal club”. This is an essential platform to explore and critically evaluate current research in the field of pharmacology. The discussion was done on “cellular therapy for treating type-1 diabetes. A pharmacology journal club meeting is a platform where faculty members and students come together to critically analyze and discuss recent research articles related to pharmacology. These meetings serve as an excellent opportunity to enhance our understanding of emerging trends, innovative methodologies, and ground-breaking discoveries in the field.
