### 7.3.1 INSTITUTIONAL DISTINCTIVENESS

**Title: Holistic Development of students for making them Exuberant Technical Professionals.**

Students admitted to our programs come from varied social, economical, and cultural backgrounds. The majority of these admitted students are first-generation learners which at times pose unique academic challenges. Their social environments are challenging that have a lasting impact on their attitudes and personalities. Keeping this in mind institute offers its assistance in academic/technical, financial, and social aspects.

#### **Academic Assistance:**

As the majority of the admitted students are from the vernacular medium, communication (written and verbal) in English is one of the major academic hurdles of the students. To overcome this problem, the institute has planned, created, and organized practical sessions on improving their communication skills.

- To develop and improve the technical and academic skills of the students, various students' technical bodies are formed along with departmental students' associations.
- Expert lecture sessions are kept to bring students on the track of technical thrust areas. Campus recruitment training is also imparted, in consultation with the training and placement team, training students on aptitude, value added courses, software training, etc.
- The library also offers extended hours to the students as per their need. Library also have facility to help them on finding research articles and plagiarism check. Open educational resources also made available for the students.
- To improve the academics of the students, they are divided into slow and advanced learners as per the defined procedure. The slow learners have improvement sessions in terms of extra sessions, counselling sessions, etc.
- The advanced learners are provided with special sessions for encouraging and guiding them towards competitive exams like GATE, GPAT, etc.

*Innovative Teaching - Exuberant Learning*

*Vision : To be the most sought after Technical campus that others would wish to emulate.*
