

3rd year

It's time to put theory into structure: In the second year, students go deeper into building construction, working drawings, services, CAD, and sustainability. This is where ideas meet precision, and your models start speaking structure!

Note:

Exit after Semester 6 (Year 3) → awarded the full Diploma in Architecture

SEMESTER 5 — YEAR 3

DESIGN FOR IMPACT & SYSTEMS

Advanced Architectural Design

Thesis prep • Mixed-use • Complex programs

Interior Design / Elective

Interiors • Experience • Detailing

Building Services II

Lighting • HVAC • Fire safety

Environmental Education & Sustainability

Climate response • Passive strategies

Seminar & Project Initiation

Research • Thesis brief • Case studies

Entrepreneurship & Prof. Management

Practice setup • Ethics • Contracts

DIPLOMA_IN_ARCHITECTURE_AIKTC

SEMESTER 6 — YEAR 3

THESIS, PRACTICE & PORTFOLIO

Design Thesis

Capstone project • Real-world problem
• Full design package

Professional Practice

Legalities • Project stages • Client interaction

Portfolio Development

Print + Digital • Academic work • Behance ready

Internship

Studio immersion • Site work • Viva reflection

Digital Tools

Rhino • Grasshopper • Lumion • Enscape
